

PASS

Webbing passed but we recommend changing in 6 months.

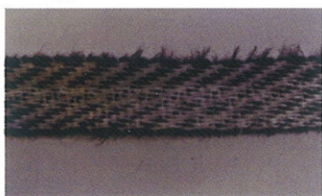

DID NOT PASS

REASONS WHY YOUR WEBBING DID NOT PASS RECERTIFICATION

The Head Rush Technologies Service Center will replace any webbing we do not feel comfortable releasing back into the field. There are several reasons why webbing may not pass the recertification inspection and may be replaced by our staff as deemed necessary. We feel that the following issues may compromise the safety of your device, and as such we have removed webbing that appears to have one or more of these problems:

FACE WEAR

FRAY

EXTREME FRAY

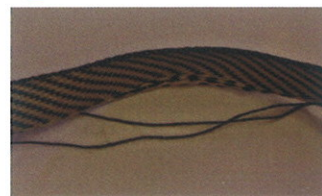

SIDE FRAY

LOOP ISSUE

WEBBING WEAR

EXCESSIVE SIDE WEAR

GRIP ISSUE

EXCESSIVE FRAYING

GATE ISSUE

GATE ISSUE OR SHARP EDGE

BARTACK ISSUE

BARTACK ISSUE

OPA JACKET ISSUE

ALTERED OPA JACKET

FRAYING AT CARABINER

SHARP GATE

BLEACHED BARTACK
COMPARISON: NORMAL VS BLEACHED
